REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-14 are allowed over the prior art of record. Current invention claims a multi-pole fused switch having a locking apparatus connected to a switching lever for locking the fuse links in an operating position. It also claims a blocking apparatus for blocking an operating rod from operating when the fuse link is not in place. Such claimed locking and blocking structures, in conjunction with the claimed limitations of claim 1, are neither disclosed nor suggested by the prior art of record.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Continued Examination Under 37 CFR 1.114

3. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on December 19, 2003 has been entered.

EXAMINER'S COMMENTS

Art Unit: 2832

Corrective actions taken are:

Correcting the nomenclature from Supplemental Notice of Allowability to Notice of Allowability.

Providing, to the applicants, the complete initialed IDS filed, December 19, 2003.
